This allows the user to link their individual consumer account with all organizational profiles that is associated by using the NRP Global ID as a single point of entry. This enables the user to use a single set of credentials to login to their customer account or any of their linked organizational profiles. The NRP Global Account can be accessed via:

- Self-enroll to NRP curriculums
- Initiate/Resume/Complete a course assigned within the NRP LP (even after org separation)
- View Learning History of self-enrolled & Organizational assignments through dedicated dashboards
- View the eCards achieved from all the profiles

Multiple widgets can be accessed using NRP Global ID to switch a role between Admin and Learner roles.

NOTE: The role-specific widgets are made available only for the users having multiple roles in the NRP LP. Switching the role is possible at any point in time.

Multiple profiles can be accessed using NRP Global ID to switch a profile between individual and associated organizational accounts.
