

**2020 AHA Guidelines for CPR and Emergency Cardiovascular Care
FAQ for Session 3 live chat**

SESSION 3

TOPIC: TECHNICAL ISSUES DURING THE LIVESTREAM SESSION

Q: I'm experiencing technical difficulties with the YouTube livestream. Who can I contact?

A: Please try to open up the YouTube livestream in another browser or switch to another device. Please see if this helps.

TOPIC: EVENT RECORDING

Q. Is this session being recorded? Where can I get a recording?

A: Yes, this session is being recorded and will be posted in the RQI Community after Oct. 21.

TOPIC: CONTINUING EDUCATION (CE) CREDIT FOR THE LIVESTREAM SESSIONS

Q. Can I get CE credit for the session?

A. No. The AHA is not issuing CE credit for any of the livestream sessions.

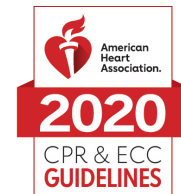

TOPIC: HOW TO VIEW THE GUIDELINES

Q: Where are the guidelines published?

A: The guidelines are published in AHA's flagship journal, Circulation, and can be viewed at <https://www.ahajournals.org/journal/circ>

The 2020 Guidelines, the Highlights of the 2020 AHA Guidelines Update for CPR and ECC and more can be viewed at eccguidelines.heart.org.

TOPIC: TRANSLATIONS OF GUIDELINES

Q. Are the Guidelines translated in other languages?

A. The Highlights of the 2020 AHA Guidelines Update for CPR & ECC are translated in 17 languages. The Highlights provides a summary of the full 2020 resuscitation guidelines. The Highlights and the translations are available at eccguidelines.heart.org.

TOPIC: WHERE TO PURCHASE NEW, UPDATED AHA COURSES AND MATERIALS FOR HEALTHCARE PROVIDER TRAINING

Q: Where do you purchase new, updated AHA courses and materials containing the latest science in the Guidelines for healthcare provider training?

A: Please visit ShopCPR.heart.org.

TOPIC: 2020 GUIDELINES UPDATES AND CHANGES

Q: What are the key changes and updates in the guidelines?

A: Please visit the AHA newsroom at <https://newsroom.heart.org/> to view the news release, Science FAQs and Comparison Charts of Key Changes. You can also check out infographics that depict the major changes and listen to podcasts from resuscitation experts who helped create the 2020 guidelines at <https://cpr.heart.org/en/resuscitation-science/ecc-digital-digest>

TOPIC: COVID-19

Q. Do the 2020 Guidelines contain COVID-19 guidance?

A: As the evidence and guidance are evolving with the pandemic, COVID-19-related information is maintained separately from the guidelines. In April, the AHA published a scientific statement that provides interim CPR guidance to help rescuers safely and effectively treat cardiac arrest patients with suspected or confirmed COVID-19 for both in-hospital and out-of-hospital settings. View the statement at <https://www.ahajournals.org/doi/pdf/10.1161/CIRCULATIONAHA.120.047463>. Additionally, please visit the AHA COVID-19 Resources for CPR Training and Resuscitation webpage for the most recent guidance at <https://cpr.heart.org/en/resources/coronavirus-covid19-resources-for-cpr-training/>
